Cleangiene

Product Specification Sheet

Glass & Stainless Steel Cleaner

Concentrate

CLG113-1

5L

Feature Summary

Glass, Window & Stainless Steel Cleaner

- **Versatile use**
- **Streak-free finish**
- **Concentrated formula**
- **Australian Made**

Product Description

A concentrated cleaner that delivers a streak-free finish on windows, glass & stainless steel surfaces.

Application Areas

Glass, Mirrors & Stainless Steel

Key Features

- **Ammonia-based formula:** Cuts grease and grime on contact, including fingerprints and smudges from high-touch surfaces
- **Streak-Free Finish:** Leaves glass and mirrors clear without residue, maintaining visibility and light transmission
- **Multi-surface performance:** Effective on windows, mirrors, whiteboards and stainless steel fixtures

Directions for use

1. Dilute 100 mL per 1 L water into a trigger spray bottle.
2. Spray surface to be cleaned, wipe clean with paper towel or a lint-free cloth. For best results, change cleaning cloth regularly.
3. Use to clean windows, glass and stainless steel surfaces.
4. Always spray away from face and eyes.

Do not use on surfaces that are painted, varnished, lacquered, waxed or polished.

Do not mix with detergent or other chemicals.

Pack Size 5 Litre
