

## Assembly Guide

# Tips for Assembly

## Before You Begin:

- Lay out and identify all of the included parts.
- The hardware has been packed according to step in one bag.
- Read the assembly guide over once to familiarize yourself with them.

## As You Assemble the Unit:

- Follow the steps in sequence.
- Before beginning each step, find the part(s) that you need for that step.
- The title of each step states what you will be doing. Review the text and the pictures as you build the unit.

## Watch for These Helpful Symbols:

2-Person Task

For safety, please have someone help you when working on steps displaying this symbol.

The symbol denotes a step needing extra attention to ensure it is done correctly.

# Important Information! Warning!

Please read the warnings below for important safety information regarding your product. Failure to read these warnings or to follow the instructions below could result in personal injury or damage to your product that could void your warranty.

Small Parts

In its unassembled state, this product contains parts that can be hazardous to small children. This product should be assembled by an adult.

Adult Supervision

This product is to be used under the supervision of an adult.

Climb Hazard

Do not climb on, hang from or suspend objects from any components of your product unless otherwise specified.

Indoor Use Only

This product is intended for indoor commercial use only. To reduce the risk of fire or electric shock, do not expose this product to rain or moisture. The internal components are not sealed from the environment.

**Before beginning, you should have:**
