

### SECTION 1

### Product & Supplier Identification

<b>Product Name</b>	Creatistics Powder Paint (Black)
<b>Other Names</b>	None
<b>Product Code</b>	CS0058
<b>Barcode Number</b>	
<b>Recommended Use</b>	Children's colour medium designed to be mixed with water.
<b>Restrictions on Use</b>	None known
<b>Company</b>	Modern Teaching Aids Pty Ltd
<b>ABN</b>	98 000 628 786
<b>Address</b>	Level 1, 122-126 Old Pittwater Road, Brookvale, NSW, Australia 2100
<b>Telephone</b>	Australia - 1800 251 497      New Zealand - 0800 808 044
<b>Supplier Code</b>	TP450BLKMTA
<b>Emergency Phone Number</b>	Australia – 13 11 26 (Poisons Information Centre)

### SECTION 2

### Hazards Identification

#### Classification of the hazardous chemical

This product is classified as hazardous under WHS Regulations.

<b>Physical hazards</b>	Not classified	
<b>Health hazards</b>	Specific Target Organ Toxicity (Repeated exposure)	Category 2
<b>Environmental hazards</b>	Not classified	

#### Label elements, including precautionary statements

##### Hazard symbols

Health Hazard

##### Signal word

Warning

##### Hazard Statements

H373 May cause damage to organs through prolonged or repeated exposure (inhalation)

##### Precautionary statements

<b>Prevention</b>	P260 Do not breathe dust.
<b>Response</b>	P314 Get medical advice / attention if you feel unwell.
<b>Storage</b>	Store in well ventilated place. Keep container tightly closed.
<b>Disposal</b>	P501 Dispose of contents and container in accordance with local regulations.

### SECTION 3

### Ingredient Composition / Information

<u>Chemical Entity</u>	<u>CAS No.</u>	<u>Proportion (to 100%)</u>
Carbon Black	1333-86-4	<10 %
Non-hazardous components		to 100 %
Contains gluten from wheat based source.		

### SECTION 4

### First Aid Measures

#### Description of necessary first aid measures

<b>Eye</b>	Irrigate with copious quantities of water for at least 15 minutes, lifting eyelids occasionally. Seek medical attention.
<b>Skin</b>	Remove any contaminated clothing and wash off with soap and water. If any symptoms arise seek medical attention.
<b>Inhalation</b>	Move to a well-ventilated area. Seek medical attention if symptoms persist.
<b>Swallowed</b>	Rinse mouth with water. Do not induce vomiting. Seek medical attention.

#### Personal protection for first aid responders

Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves.

#### Symptoms caused by exposure

Inhalation	May cause respiratory irritation and coughing.
Skin	May cause irritation, redness, pain and rash.
Eye	May cause eye irritation, tearing, pain and redness.
Swallowed	May cause gastrointestinal irritation, nausea, headache and diarrhoea

#### Medical attention and special treatment

This is a starch based powder product. The starch is wheat based so contains gluten.

### SECTION 5

### Fire Fighting Measures

#### Extinguishing equipment

<b>Suitable</b>	Water, fog, foam, dry chemical powder, carbon dioxide. When choosing extinguishing equipment be aware of any potential hazard(s), example electrical.
<b>Unsuitable</b>	Anything that could spread the fire and or risk the safety of surrounding personnel.

#### Specific hazards arising from the chemical

Non-flammable. No explosion hazard exists. May evolve gases hazardous to health.

#### Specific protective equipment and precautions for fire fighters

Self-contained breathing apparatus (SCBA) and full protective clothing (PPE) must be worn in case of fire.

**Hazchem Code** Not available.

**General fire hazards** No unusual fire or explosion hazards known.

### SECTION 6

### Accidental Release Measures

#### Personal precautions, protective equipment and emergency procedures

##### For non-emergency personnel

Keep unnecessary personnel away and upwind of spill. Wear appropriate protective equipment and clothing during clean up. Contain spill to prevent contamination to drains / water ways. Local authorities should be contacted if spill cannot be contained. Collect and seal in clearly and properly labelled containers for disposal in accordance with local regulations. Heed advice under Section 8 "Personal Protection".

##### For emergency responders

Keep unnecessary people away. Wear appropriate dust/particulate respirator and full protective clothing. Do not breath dust and ensure adequate ventilation. Avoid generating dust. Heed advice under Section 8 "Personal Protection".

#### Environmental precautions

Avoid discharge to drains, water ways or onto the ground.

### Methods and materials for containment and clean up

Large spills – Avoid or minimise dust generation. Use industrial vacuum to clean up spill. If vacuuming is not workable then wet mop is acceptable. Collect and seal in a bag or container that prevents fibre or dust emission and properly label for disposal in accordance with local regulations.

Small spills – Clean up with wet cloth or mop.

---

## SECTION 7

### Handling & Storage

---

#### Precautions for safe handling

Wear appropriate personal protective equipment to avoid skin and eye contact and inhalation of dust. Use equipment that helps to minimise dust. Any equipment that does generate dust, needs to have exhaust extraction or other effective local extraction. Work areas should be cleaned regularly to remove any build-up of fibres, dust or both. Always wash hands after use. Do not eat, smoke or drink when handling this product.

#### Conditions for safe storage, including any incompatibilities

Store in a dry, cool location. Keep containers tightly closed when not in use. Store in clearly labelled containers.

---

## SECTION 8

### Exposure Controls / Personal Protection

---

#### Occupational exposure limits (OEL's)

No OEL's noted for this product. However, for individual components,

Starch	9005-25-8	10 mg/m <sup>3</sup> (TWA)
--------	-----------	----------------------------

Carbon Black	1333-86-4	10 mg/m <sup>3</sup> (TWA)
--------------	-----------	----------------------------

#### Biological limit values

No biological exposure values noted for this product.

#### Appropriate engineering controls

Use in a well-ventilated area. If required use local exhaust ventilation.

#### Individual protection measures, for example personal protective equipment (PPE)

##### Skin protection

Wear impervious gloves.

##### Respiratory protection

Wear an appropriate dust mask that meets relevant Australian standards. The mask should protect against mechanically generated particulates for example silica.

**Hygiene measures** Use and maintain good industrial hygiene. Always wash hands after use. Routinely maintain safety equipment. Do not eat, smoke or drink when handling this product.

---

## SECTION 9

### Physical & Chemical Properties

---

<b>Appearance</b>	Black coloured powder.
<b>Odour</b>	Low odour
<b>Odour threshold</b>	Not available
<b>pH</b>	Not applicable
<b>Melt point / freeze point</b>	Not available
<b>Hardening time</b>	Not available
<b>Flash point</b>	Not available
<b>Flammability</b>	Not flammable
<b>Vapour Pressure</b>	Not available
<b>Vapour Density</b>	Not available
<b>Relative density</b>	Not available
<b>Solubility in water</b>	Dispersible
<b>Specific Gravity</b>	2.60 – 2.80

### SECTION 10

### Stability & Reactivity

- Reactivity** Product is considered non-reactive under normal conditions of use, storage and transport.
- Chemical stability** This product is considered stable under normal conditions of use.
- Possibility of hazardous reactions**  
Hazardous polymerisation will not occur.
- Conditions to avoid** Heat, naked flames and other sources of ignition.
- Incompatible materials**  
None known.
- Hazardous decomposition**  
In a fire product may give rise to the release of obnoxious fumes including oxides of carbon.

### SECTION 11

### Toxicological Information

#### Information on possible routes of exposure

- Inhalation** Minor irritation may be expected in some individuals.
- Skin contact** Minor irritation may be expected in some individuals.
- Eye contact** Minor irritation may be expected in some individuals.
- Ingestion** Expected to be low ingestion hazard.

#### Acute Health Effects

- Inhalation** May cause respiratory irritation and coughing.
- Skin** May cause irritation, redness, pain and rash.
- Eye** May cause eye irritation, tearing, pain and redness.
- Ingestion** May cause gastrointestinal irritation, nausea, headache.

#### Skin corrosion / irritation

Based on classification principles, the classification criteria are not met.

#### Serious eye damage / irritation

Based on classification principles, the classification criteria are not met.

#### Respiratory or skin sensitisation

Based on classification principles, the classification criteria are not met.

#### Carcinogenicity

Not considered to be a carcinogenic hazard.

#### Aspiration hazard

Based on classification principles, the classification criteria are not met.

#### Reproductive toxicity

Based on classification principles, the classification criteria are not met.

#### Additional Information

- This product does NOT contain,  
Egg, dairy, soy, seafood, shellfish or peanut products, by-products or derivatives.
- This product does contain gluten from a wheat based source.

### SECTION 12

### Ecological Information

#### Ecotoxicity

No specific data is available for this product. However, do not release this product or any water contaminated with this product into drains, soils or waterways. Sufficient measures should be taken to retain the water used in extinguishing any fires involving this product. Dispose of contaminant in accordance with local landfill or incineration regulations.

**Persistence and degradability**

No specific data available.

**Bio accumulative potential**

No specific data available.

**Mobility in soil**

No specific data available.

---

**SECTION 13**
**Disposal Considerations**

---

**Disposal methods**

Dispose of this product and any water contaminated with this product in accordance with local regulations.

**Contaminated packaging**

The container in which the product is or was contained should also be disposed of in accordance with local regulations.

---

**SECTION 14**
**Transport Information**

---

**ADG**

Not regulated as dangerous goods.

**IATA**

Not regulated as dangerous goods for IATA

**IMDG**

Not regulated as dangerous goods.

**Special Precautions**

No special precautions or requirements for transport.

---

**SECTION 15**
**Regulatory Information**

---

**Safety, health and environmental regulations**

This Safety Data Sheet was prepared in accordance with Safe Work Australia's Code of Practice for the Preparation of Safety Data Sheets for Hazardous Chemicals.

**Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP)**

Not allocated

**AICS**

All components are listed in the Australian Inventory of Chemical Substances.

---

**SECTION 16**
**Other Information**

---

**Reason for Revision**

Review and update information in accordance with GHS requirements.

**TWA**

The TWA (Time Weighted Average) exposure value is the average airborne concentration of a particular substance when calculated over a normal 8 hour working day for a 5 day working week. The term "peak" is used when the TWA limit, because of the rapid action of the substance, should never be exceeded even briefly.

**SWA**

Safe Work Australia

**ADG**

Australian Dangerous Goods Code

**AICS**

Australia Inventory of Chemical Substances

**IATA**

International Air Transport Association

**IMDG**
