

SECTION 1: Identification of the substance/mixture and of the company/ undertaking
1.1 Product Identifier
Trade Name: Kindergarten Wax Crayons

Supplier / Trader : Modern Teaching Aids Pty Ltd

Trade Product Code: FC0044 (21-120044)

1.2 Relevant identified uses of the substance or mixture and uses advised against -

No further relevant information available

Application of the substance / the mixture : Colouring, drawing on different paper

1.3 Details of the Supplier / Trader of the Safety Data Sheet

Modern Teaching Aids Pty Ltd
Level 1, 122 - 126 Old Pittwater Road,
Brookvale, NSW, Australia 2100

Telephone: AU - 1800 251 497
NZ - 0800 808 044
Website: AU - www.teaching.com.au
NZ - www.teaching.co.nz

Information Bureau/ Emergency Information:

Australia: Poisons Information Centre, Call 13 11 26 (Available 24 hours everyday)
New Zealand: National Poisons Centre, Call 0800 764 766

SECTION 2: Hazards identification
2.1 Classification of the substance or mixture

This mixture is not classified as hazardous according to Regulation (EC) No. 1272/2008

Hazard statements - Not Classified

Hazard-determining components of labelling - Not applicable

Single Word Warning: Not applicable

Precautionary Statement:

Store room temperature and away from direct sun light / heat source.
Skin contact –No irritation.
Eye contact – No irritation
Inhalation – .No adverse effects

2.2 Other hazards

Results of PBT and vPvB assessment
· PBT: Not applicable.
· vPvB: Not applicable.

SECTION 3: Composition/information on ingredients
Chemical characterisation: Mixtures

The product is no dangerous substance or dangerous preparation within the meaning of European Regulation (EC) no. 1907/2006.
The mixture consists of Paraffin wax,Vegitable wax, Paraffin Oil, Filler, Pigment and Additives .

SECTION 4: First aid measures
4.1 Description of first aid measures
After Inhalation : No particular measures requires

After skin contact: Wash with soap and water

After eye contact: In case tiny particles went into eye, wash with running water , in case irritation continue consult doctor

After swallowing: Drink large amounts of water.

Get Medical attention if any discomfort continues.
SECTION 5: Firefighting measures
5.1 Extinguishing media
Suitable extinguishing agents: Carbon dioxide, dry chemicals, foam.

5.2 Special hazards arising from the substance or mixture No further relevant information available

5.3 Advice for firefighters

Wear NIOSH / MSHA approved self-contained breathing apparatus and full protective clothing.

SECTION 6: Accidental release measures
6.1 Personal precautions, protective equipment and emergency procedures

Change contaminated cloths

6.2 Environmental precautions:

Do not allow to enter in drainage systems, sewage / surface or ground water ted soil. Place contaminated materials in disposable containers and disposes per local or state federal regulations.

6.3 Methods and material for containment and cleaning up:

Collect the stick and dispose as per local or state federal regulations.

SECTION 7: Handling and storage

7.1 Precautions for safe handling: Ensure good ventilation when bulk storage.

7.2 Information about fire - and explosion protection:

Avoid high heat resource and highly reactive chemical, As such material does not have explosive character .

7.3 Storage accumulation: None.

7.4 Further information on storage requirement: Store in cool and dry conditions.

SECTION 8: Exposure controls/personal protection

Additional information about design of technical facilities: None.

8.1 Control parameters - NA

Ingredients with limit values that require monitoring at the workplace: NA

Additional Information: None.

8.2 Exposure controls

Personal protective equipment: None

General protective and hygienic measures: Wash the hand with soap and water in case skin & cloth contamination

Respiratory protection : Not necessary,

Hand Protection : For normal use not necessary

Eye Protection : For normal use not necessary

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

General Information

Appearance:

| | |
|----------|----------|
| Form : | Solid |
| Colour : | Assorted |
| Odour : | None |

Important information on protection of health and environment, and on safety

P^H-value at 30 °C NA

Change in condition

| | |
|-------------------------------|-----------|
| Melting point / Melting Range | > 55° C |
| Boiling point/Boiling range: | Not Known |

Flash point Not Known

Flammability (solid, gaseous) Not Known

Decomposition temperature Not determined

Self-igniting Not Known

Danger of Explosion Product is not explosive.

Explosion limits Not applicable

Vapour pressure at 20 °C: Not determined

Density at 30 °C Not available

Solubility / Miscibility with water Insoluble

Viscosity Not applicable

9.2 Other information None

SECTION 10: Stability and reactivity

10.1 Reactivity No decomposition at normal temperature

10.2 Chemical stability /Thermal decomposition / conditions to be avoided: No decomposition at normal temperature, at very high temperature, it can release carbon oxides

10.3 Possibility of hazardous reactions No dangerous reactions known.

10.4 Conditions to avoid No further relevant information available.

10.5 Incompatible materials: No further relevant information available.

10.6 Hazardous decomposition products: No dangerous decomposition products known.

SECTION 11: Toxicological information

11.1 Information on toxicological effects

Acute toxicity : Not known

LD/LC50 values relevant for classification

Oral LD50 - Not Know

Primary irritant effect:

On the Skin : Not irritant

On the Eye : Slight irritation possible

Sensitization : No sensitizing effect known

SECTION 12: Ecological information

12.1 Aquatic Toxicity : Not known

12.2 Persistence and degradability Not known

12.3 Bio accumulative potential Not known

12.4 Mobility in soil Not known

Additional ecological information: Not known

SECTION 13: Disposal considerations

13.1 Waste treatment methods

Recommendation :

Waste must be disposed of in accordance with federal, state and local environmental control regulations

SECTION 14: Transport information

Land transport ADR/RID

Class - None
Technical name - Wax Crayon

Marine transport IMDG

Class - None
Technical name - Wax Crayon

Air transport ICAO/IATA

Class - None
Technical name - Wax Crayon

SECTION 15: Regulatory information

Soiled packaging : NA

Name of Waste : Wax based colouring stick

SECTION 16: Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
