

Read chapter 4 again. Write down the four main events in order. Use this to retell the chapter to the group.

The diagram illustrates four overlapping rectangular regions, each labeled "Main Event" in its top-left corner. The regions are arranged in a staggered grid pattern. The top-left region is the largest. The top-right region is smaller and overlaps the bottom-right corner of the top-left region. The bottom-left region is smaller and overlaps the bottom-left corner of the top-left region. The bottom-right region is the smallest and overlaps the bottom-right corner of the top-right region and the bottom-right corner of the bottom-left region.
