

The Roof of the World

by Diana Noonan

In *The Roof of the World*, we learn about some of the highest mountains in the world. Using the diagram on pages 4-5 to help you, draw lines to match the names of the five highest mountains in the world with their height and location.

K2

8,586 metres

Nepal/China

Makalu

8,516 metres

Nepal/China

Mount Everest

8,463 metres

Pakistan/China

Kangchenjunga

8,849 metres

Nepal/China

Lhotse

8,611 metres

Nepal/China
