

Pedal Installation Guide – Weplay Trikes

Pedal Set:	Pedal x 2 pcs	Clip Locker x 2 sets
		

Assembly Steps:

1	Put one of the pedals on one side of the axel on the front wheel.	
2	Aim the hole of the pedal at the groove of the axel.	
3	<p>Insert one clip locker into the hole and make sure the clip well-positioned within the groove.</p> <p>This photo →  is only for demonstrating how the clip fits in the groove.</p>	
4	Repeat Steps 1~3 for fixing another pedal
